# Programs of Study

**“For a Future That Works!”**

Bradford-Union technical Center is a Secondary and Post Secondary Institution committed to high standards and quality teaching practices.

High School students have an opportunity to Dual Enroll in several programs allowing them to begin their certificate program while still in high school.

Our Adult programs (Post Secondary) offer industry certifications in addition to licensure creating even more opportunities to help students move toward that high demand and high wage career. Programs are designed to allow students to complete their career goals in under one year.
